

## 1<sup>st</sup> Club Assembly

11 July 2014 -Singapore Swimming Club

Rotary Club of Singapore North held its **1<sup>st</sup> Club Assembly** on the 11 July at the Singapore Swimming Club. Club Officers present gave a brief presentation of their plans for the coming Rotary Year. PP Rajeev (membership chair) has formed his committee and will be having their first meeting at the FRCS on Monday at 4pm. Similarly, PP Philip Kee (Youth Service Chair) has assembled his team and will be going all out to support ITE College Central and ITE College West along with their new initiatives. PP David See will be hosting our first fellowship (mooncake) in Sept at his residence (9 Stratton Avenue Drive). Appreciate all for their support!

## Visiting Rotarians from Germany and Uganda

Our club was pleased to welcome two visiting Rotarians from overseas during our lunch meeting cum Club Assembly. Professor Birgit Mager hailed from the Cologne, Germany (Rotary Club of Koln Kapitol) taught in the Finnish school (Service Design) along with President Hamlet K. Mbabazi from Uganda paid our club a visit. It was their first time to

Singapore and they made their way promptly to our club meeting before 1pm. It's through this wonderful organization of Rotary that friendships among Rotarians in different countries are forged and where strangers become friends. When members of our club visit Cologne or Uganda in future, I am sure they know who they should be looking for.

## What's On

### July 2014

18 July 2014 (Friday) - Presentation by Community Service Project Director PP Dannis Teo followed by 4<sup>th</sup> Board of Directors Meeting at 2.15pm, Singapore Swimming Club

## Creation of the Google Group for RCSN members

I have created a google group for members of our club to facilitate announcements from club officers. All 25 members have been added a 'member' in this group with your email.

Essentially this is how it works:

1. Go to this link as you have already been added as a member:  
<https://groups.google.com/forum/?hl=en#!forum/rcsn1982>
2. Click on the topics that you wish to reply to OR click on 'New Topic' and start posting your announcements.
3. At the 'New Topic', you can select 'Type of post'

1. If you are on your email and you don't wish to go into google group and want to send an email broadcast to all members, you can email to [RCSN1982@googlegroups.com](mailto:RCSN1982@googlegroups.com)

Feel free to email or call me with your suggestions.

Did you know...

When you select 'Make an announcement', members won't be able to reply you. It's strictly for broadcasting.

4. Anyone can post Rotary related stuff. I appeal to members to observe a certain decorum and be sensitive to our members when you post.

**PP William Lum Teng Wai** is probably known to most of us as a retired roofing and building specialist, but do you also know that he was a lifeguard in his younger days and he was called to his mission to save four swimmers in Changi back in the 80s?

---

## Our Club's 32<sup>nd</sup> Anniversary – Charter Night

*The door gift, fired on ceramic tiles and produced in limited quantities just for our attendees of our Charter night.*

We are in the midst of finalizing the attendance and the programme for the Charter night. At the Club Assembly, almost all the members present have indicated firmly their attendance for the night. It warms my heart to see members inviting friends, colleagues/associates to the most important event of the club – Our Charter night.

Apart from the anticipation of a great programme, **PP David See** added a silver lining by sponsoring door gifts to our members/guests. It was a product of a long, painstakingly, carefully crafted piece of art which cost him many manhours and costs to get it in time for our Charter night. On behalf of members and guests, I would like to thank him in advance for this wonderful gesture from him. It's limited in quantity and will never be reproduced again. So how can you ever miss this event?
